PROFILE

M.Sc. Mathematics with Computer Science graduate with a strong foundation in mathematical reasoning, programming, and structured problem-solving. Academic study spans analysis, algebra, linear algebra, differential equations, topology, numerical methods, algorithms, databases, and operating systems. Interested in AI training and review work involving careful reasoning, code tracing, and clear technical feedback.

EDUCATION

M.Sc. Mathematics with Computer Science — **Completed**
Jamia Millia Islamia, New Delhi
Key study: Real Analysis, Algebra, Linear Algebra, Differential Equations, Topology, Numerical Analysis, Data Structures, DBMS, and Operating Systems.

B.Sc. in Mathematics — **Completed**
Vinoba Bhave University, Jharkhand
Mathematics as the main subject, with Physics and Chemistry electives.

ACADEMIC PROJECT

Study of Three Generalized Fixed Point Theorems
Focused on functional analysis, metric spaces, convergence, mappings, and structured proof-based reasoning.

COURSES & PRACTICE

- **Kaggle:** Python and Intro to Machine Learning course certificates.
- **HackerRank:** Python and SQL programming practice.
- **LeetCode:** Algorithmic problem-solving practice.

TECHNICAL SKILLS

Mathematics · Real Analysis · Linear Algebra · Abstract Algebra · Differential Equations · Numerical Methods · C · Java · Python · SQL · Data Structures · Algorithms · DBMS · Operating Systems · Machine Learning

STRENGTHS

- Step-by-step mathematical reasoning and verification
- Code tracing, logic checking, and technical problem-solving
- Clear academic and technical communication

LANGUAGES

Hindi (native) · English (professional)

ONLINE PROFILES
